### **ReDesign – Light and Lamps**

Light is all around us, fascinating artists since the dawn of time. Designers such as the Brazilian duo Fernando and Humberto Campana create impressive light sculptures and lamps by creatively transforming everyday objects and recycled materials. After considering the phenomenon of light, participants will use various recycled materials – such as plastic bottles, scraps of fabric and leather, electronic parts, strips of wood, and packaging – to design and create their very own light objects.

Duration: 4 hours

Price: € 320.00

Group size: max. 20 people, aged 12 years and older

### **PappDesign – Cardboard Furniture**

The architect Frank Gehry created sculptural seating pieces that showcase the benefits of corrugated cardboard: it is inexpensive, light, yet also stable, and easy to work with. It's also a winner on the environmental front. Workshop participants will get to grips with the material and study its properties in depth, before designing and constructing their own seats, shelves, or tables.

Duration: 4–6 hours

Price: € 320.00

Group size: max. 20 people, aged 12 years and older

### **Advertising, Logos & Design**

Logos are everywhere you look: they aim to represent companies, products, or organisations and to reflect their values and identity. How are logos made and what would your own personal logo look like? In the workshop, participants will design their own distinctive logos and transfer them onto an item of clothing they bring along.

Duration: 3–4 hours

Price: € 320.00

Group size: max. 20 people, aged 12 years and older

### **My Favourite Chair**

Chairs are part and parcel of our daily life; they have both a practical and an aesthetic function. We'll take a look at lots of different types of seats in the Vitra Schaudapot, comparing their shapes, materials, and colours. Some of the chairs are over one hundred years old, and some were 3-D printed! Which chairs do we like, and which not so much? After the tour, participants can roll up their sleeves and make their own miniature chairs that they can carry home.

Duration: 3 hours

Price: € 250.00

Group size: max. 20 people, 5–12 years old

### **Elephants on parade**

With their jaw-dropping size and proverbial good nature, it's little surprise that elephants are so popular. Even the designers Charles and Ray Eames were spellbound by the majestic, thick-skinned creatures, and created a toy elephant from moulded plywood. During the workshop, we will build our own cardboard elephants, which can be decorated with all manner of materials, including feathers, sequins, tape, and felt.

Duration: 2 hours

Price: € 170.00

Group size: max. 20 people, 5–8 years old
